1. INTRODUCTION

The Agency for Support for BEREC is established by [Regulation \(EU\) 2018/1971 of the European Parliament and of the Council of 11 December 2018 establishing the Body of European Regulators for Electronic Communications \(BEREC\) and the Agency for Support for BEREC \(BEREC Office\), amending Regulation \(EU\) 2015/2120 and repealing Regulation \(EC\) No 1211/2009](#).

The BEREC Office is established as a body of the European Union (EU) with legal personality to provide professional and administrative support services to BEREC, which is a body of the EU without a legal personality.

BEREC contributes to the development and better functioning of the internal market for electronic communications networks and services. It does so, by aiming to ensure a consistent application of the EU regulatory framework and by aiming to promote an effective internal market in the telecoms' sector, in order to bring even greater benefits to consumers and businesses alike.

The BEREC Office is an EU Agency supporting BEREC in the fulfilment of its mission to ensure the consistent implementation of the European regulatory framework for electronic communications. To achieve this, the BEREC Office provides all necessary professional and administrative support for the work of BEREC, including financial, organisational and ICT services, and contributes to BEREC's regulatory work for the benefit of people in Europe.

More information on the BEREC Office [tasks and mission](#) can be found on the BEREC and BEREC Office website.

2. CATEGORIES OF STAFF USED BY THE BEREC OFFICE

The BEREC Office is staffed mainly by Temporary and Contract Agents, recruited through open selection procedures. The working and contractual conditions of the BEREC Office Temporary and Contract Agents are based on the Staff Regulations and the Conditions of Employment of Other Servants of the European Union (CEOS).

The BEREC Office may make use of seconded national experts or other staff not employed by it, such as interim agents. The Staff Regulations and the CEOS do not apply to such staff.

To offer the possibility to young university graduates to gain experience in the work of the EU and in the BEREC Office activities, the Agency has deployed a Traineeship Programme in accordance with conditions laid down by the Management Board¹.

3. STAFF COVERED BY STAFF REGULATIONS AND CEOS

3.1. Temporary Agents

In accordance with Article 8 of the CEOS, Temporary Agents are engaged for a fixed period which may be renewed for another period or an indefinite period. To motivate staff to consider long-term employment at BEREC Office, the Head of the Agency (the Director) via Internal

Administrative Instruction (IAI) No 2 of 2018 on the duration and renewal of contracts for temporary staff under article 2(f) of the CEOS, has decided to offer the possibility for Temporary Agents to benefit from a contract of indefinite duration upon completing three years' service.

Temporary Agent posts are classified according to the nature and importance of duties required:

Administrators' function group (AD): comprises twelve grades from AD 5 to AD 16 corresponding to technical, administrative, advisory, linguistic and scientific duties. Depending on the background and expertise required for the post, recruitment grades are usually between AD 5 and AD 8. Higher grades are used for specific profiles, mostly for management positions.

Assistants' function group (AST): comprises eleven grades from AST 1 to AST 11 corresponding to executive, technical and clerical duties.

Temporary Agents are required to serve a probationary period of nine months.²

3.2. Contract Agents

The duration of contracts for Contract Agents varies according to the needs of the Agency. Most Contract Agents receive their first contract for a duration of 3 years. The contract may be renewed in accordance with Article 85 of the CEOS.

Contract Agent posts are classified in four function groups (FG) corresponding to the duties and responsibilities involved:

- FG IV: comprises six grades corresponding to administrative, advisory, linguistic and equivalent technical tasks
- FG III: comprises five grades corresponding to executive tasks, drafting, accountancy and other equivalent technical tasks
- FG II: comprises four grades corresponding to clerical and secretarial tasks, office management and other equivalent tasks
- FG I: comprises three grades corresponding to manual and administrative support service tasks

There are special provisions for Contract Agents FG IV concerning contract renewals for an indefinite period. Those BEREC Office staff members who will be employed as Contract Agents in FG IV should be informed that in accordance with Article 85(3) of the CEOS, Contract Agents in FG IV shall, before renewal of a contract for an indefinite period may be offered, be required to demonstrate the ability to work in a third language (at B2 level) among those referred to in 55(1) of the Treaty on European Union. BEREC Office provides access to training for those staff members who require it.

Contract Agents whose contracts are concluded for at least one year are required to serve a probationary period of nine months for FG II-IV, and six months for FG I.

² The Conditions of Employment for Temporary Agents are described in the Staff Regulations and in the Conditions of Employment of other Servants of the European Union in Title II (Articles 8–56).

4. OTHER CONTRACTS

4.1. Seconded National Experts

Seconded national experts (SNEs) are staff employed by national, regional or local public administrations or public intergovernmental organisations (IGO) who are seconded to the Agency under the rules applicable to such experts. They have a dual role: to bring their experience to the Agency and to transfer the knowledge acquired during their secondment at BEREC Office to their home administration.

Secondment is not equivalent to Agency employment, nor does it lead to employment by the Agency. SNEs shall remain in the service of their employer throughout the period of secondment. During such time they will remain subject to the social security legislation applicable to their employer, who will assume responsibility for permissible expenses incurred abroad. SNEs are entitled to a daily and monthly subsistence allowance, paid by the Agency, during the period of secondment.

The place of secondment is Riga.

4.2. Interim Staff

To address specific short-term needs, the BEREC Office may use interim staff services for limited periods of time to cover staffing needs arising from one or more of the following reasons:

- replacement of staff on maternity leave, parental leave, leave on personal grounds or extended sick leave;
- temporary replacement for vacant posts to bridge the gap before recruitment;
- increased workload during peak periods of the year or generated by short-term specific projects;
- staff with specific competencies needed for limited period and which are not available at the BEREC Office.

Interim assignments have an initial maximum duration of up to 6 months. The labour contract signed with the interim workers are subject to the Latvian labour law and are signed between the interim worker and the interim agency, with which the BEREC Office has a contract for the provision of interim staff services.

Consequently, the interim staff are employees of the respective interim agency and not of the BEREC Office.

4.3. Trainees

In 2016 the BEREC Office introduced a Traineeship Programme. Traineeships are intended to offer the possibility to gain experience in the work of the European Union in general and in the work of the BEREC Office in particular. The BEREC Office aims to benefit from the input of specific skills of enthusiastic trainees, who will contribute to the enhancement of its daily work. Admission to the traineeship programme does not give trainees the status of staff of the European Union, and does not confer on trainees the statutes of officials or other servants of

the European Union nor does it entail any right or priority with regard to an appointment in the service of BEREC Office. Trainees can apply to BEREC Office selection procedures under the same conditions of any other candidate.

Trainees are entitled to a monthly grant, updated every year, amounting to 25% of a basic monthly salary of a temporary agent at grade AD5, step 4.

The trainees sign a Traineeship agreement with the BEREC Office, which defines their rights and responsibilities and is the basis for the payment of the grant. The Traineeship agreement is not an employment contract.

More information is published on the BEREC Office website under the section "Traineeships".

5. TALENT MANAGEMENT

In order to effectively contribute to the Agency mission, the BEREC Office aims to continuously develop the professional skills of its employees and consequently to improve their overall performance. For this purpose, the Agency provides a variety of training activities of both general and technical nature. This includes management, incl. project management, soft skills, finance, IT training, data protection, procurement, specific up-to-date technical training for staff working in technical areas and language training.

Temporary and Contract Agents at the Agency are subject to an annual performance appraisal. At the start of the reporting period, objectives are agreed between the line manager and the jobholder in order to establish the expected achievements of the jobholder. The purpose of the appraisal system is to assess performance during a certain time period against related annual objectives of the jobholder. The annual evaluation encourages jobholders to develop their potential and to consider possible career advancement. A reclassification policy is applied on an annual basis and guarantees performance-based career advancement in the function group.

6. ALLOWANCES AND BENEFITS

In addition to a basic salary³ as shown in Annexes I and II, Temporary Agents and Contract Agents may receive various allowances depending on their personal circumstances. The final salary is calculated by adding the relevant allowances and by deducting social security contributions and other taxes.

Each grade is divided into seniority steps with corresponding salary increases. Staff are granted an additional seniority step automatically every two years. The remuneration of the officials and other servants of the European Union shall be adapted every year, taking into account the economic and social policy of the Union. To offset the higher or lower cost of living in Riga compared with Brussels, the remuneration is weighted by applying a coefficient.

The current correction coefficient for Latvia is 80% (as of 01.07.2021).

³ If you work in a European Union country other than Belgium or Luxembourg, a specific weighting (correction coefficient) is applied to your pay. This weighting makes it possible to offset the higher or lower cost of living compared with Brussels.

The main benefits, deductions and contributions are summarized below. This information is indicative as entitlements are determined upon recruitment, and only once the relevant supporting documents are provided.
