

BEREC Work Programme 2020

Dan Sjöblom, 7th BEREC Stakeholder Forum
16 October 2019, Brussels

Body of European Regulators
for Electronic Communications

BEREC

The logo for BEREC (Body of European Regulators for Electronic Communications) features the word "BEREC" in a bold, sans-serif font. The letters "B", "E", "R", and "E" are in a dark blue color, while the "C" is in a dark red color. A thin, dark blue curved line starts under the "R" and sweeps under the "C", ending under the "C".

The electronic communications sector is characterised of a rapid evolution in technology and consequently a digital ecosystem that is under constant development.

The Work Programme 2020 has been developed to prepare for the new challenges set out in the EECC and the new BEREC Regulation.

Primarily focused on the important, mandatory projects, which cover all five of BEREC's strategic priorities.

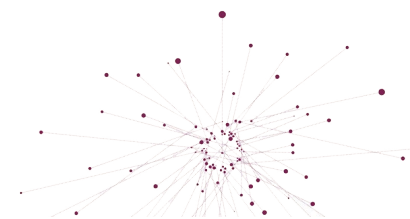

BEREC will continue to actively engage with stakeholders in public consultations and industry forums and by making information more accessible to the public and to its stakeholders.

1. Responding to connectivity challenges and to new conditions for access to high-capacity networks
2. Monitoring potential bottlenecks in the distribution of digital services
3. Enabling 5G and promoting innovation in network technologies
4. Fostering the consistent application of the net neutrality principles
5. Exploring new ways to boost consumer empowerment

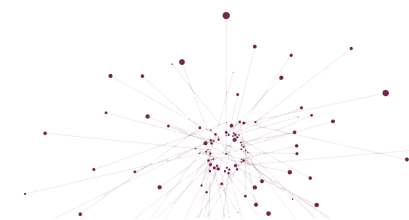

Responding to connectivity challenges and to new conditions for access to high-capacity networks, e.g.

- **5 different Guidelines, e.g. VHCN, Network Termination Point**
- **BEREC study on the determinants of investment in VHCN**
- **BEREC opinion on the review of EC Recommendation on Relevant Markets**

Monitoring potential bottlenecks in the distribution of digital services

- **Update to the guidelines on intra-EU communications**
- **Report on Market & Economic Issues of Digital platforms**
- **Workshop on data collection from OTTs**

Enabling 5G and promoting innovation in network technologies

- **5G continues to be in focus...**
- **Several work items focusing on the impact of 5G on regulation**
- **Security issues related to 5G implementation**

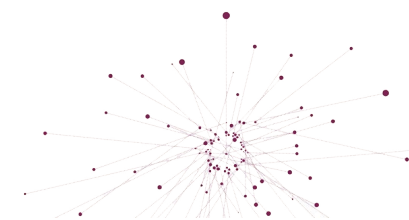

Fostering a consistent approach of the net neutrality principles

- **Update to the Guidelines**
- **Support and experience exchange in relation to the Net Neutrality Measurement tool**
- **Workshop on the status of IPv6 roll-out**

Exploring new ways to boost consumer empowerment

- **3 different guidelines**
- **Report on MS' best practices defining adequate broadband IAS**
- **Report on how to handle 3rd party payment charges on mobile phone bills**

European Electronic Communications Code

- Continued support to NRAs during implementation
- Input to EU institutions

Roaming

- Benchmark reports
- Input to potential legislative proposals

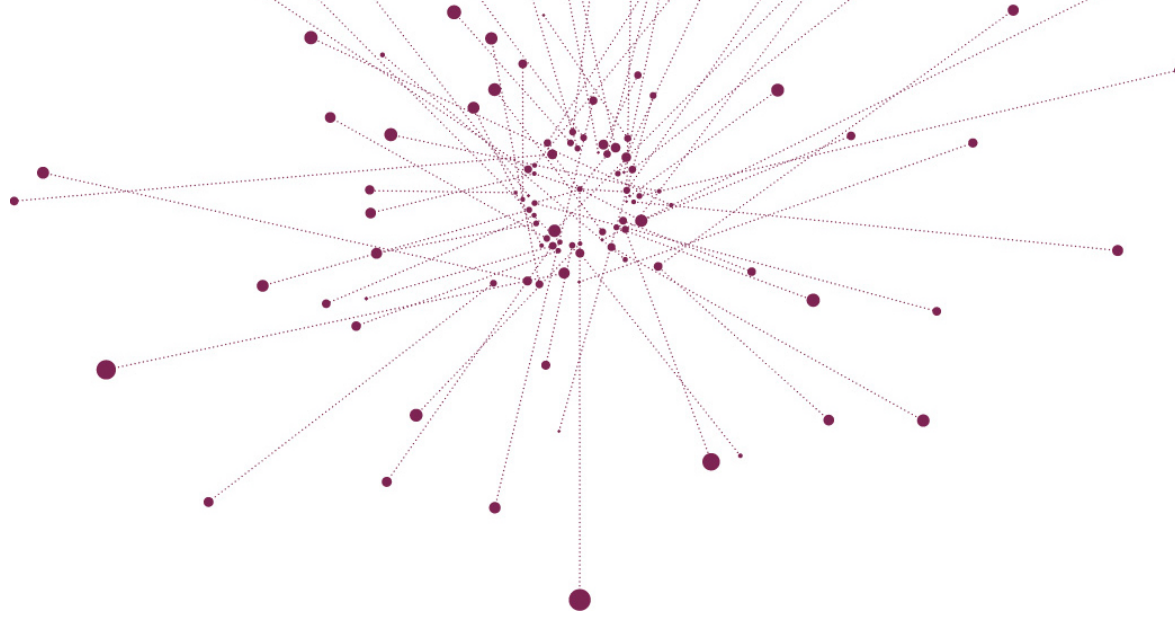

Quality and efficiency

- Termination rates, Article 7/7a process (potential review of procedural rec), Regulatory accounting, WACC

Going forward

- **Later today – more time to discuss/ listen to your input**
- **Consultation until 6 November**
- **Next Stakeholder Forum Already April 2020 – to allow for early engagement going forward with the new Medium term Strategy and Work Programme 2021**
- **New European Commission and Parliament**

Thank you!
